## Personal Projects

---

### Dynamic Blog App

**Tools Used:** React, Vite, Tailwind CSS, Markdown Library  
**Project Link:** <https://github.com/darshanbajgain/myliveblog>

#### Description:

Created a dynamic blog app using React, Vite, and Tailwind CSS. Streamlined blog post management with markdown files. Eliminated the need for databases and complex deployment.

### Simple Food Ordering E-commerce Site

**Tools Used:** HTML, CSS, JavaScript  
**Project Link:** <https://github.com/darshanbajgain/FoodEcommerceSite>

#### Description:

Designed and developed a food-ordering e-commerce site with HTML, CSS, and JavaScript. Catalog of food items with real-time shopping cart updates. Utilized local storage for cart management; no login required.

### Responsive Single Page Personal Portfolio Website

**Tools Used:** HTML, Tailwind CSS, JavaScript  
**Project Link:** <https://github.com/darshanbajgain/Perosnal-Website>

#### Description:

Constructed a sleek personal portfolio website with HTML, CSS, and Tailwind CSS. A one-stop platform for showcasing work, sharing resumes, and providing contact information.

### Static Single-Page School Website

**Tools Used:** HTML, CSS, JavaScript  
**Project Link:** <https://github.com/darshanbajgain/StaticSinglePageSchoolWebsite>

#### Description:

Developed a static school website using HTML, CSS, and JavaScript. Responsive design and toggle menu for mobile view.
